Thank you Kathleen. As soon as I can, I'll look more closely at this spreadsheet and see if I can cut back on some of these, thus reducing the amount of the fee waiver required. That seems possible. Then I'll email my thoughts to you so we are both on the same page going forward. Thank you for all of your hard work.

Donald,

Attached is a spreadsheet similar to the one you provided. It shows an amount of \$79,608.00 in dedication fees at the bottom. We went ahead and calculated it based on having adjoining parcels with the same property owner applying in groups of 4 lots per transaction. (The fees would have been in excess of \$126,000 had that not been allowed.)

Please have the gentleman who is starting the fee waiver process draft the council motion so as to include this in the wording of the motion. It is important that it is made clear that 4 adjoining lots under the same ownership will be allowed to apply in groups of 4 lots maximum per application.

Hello Donald,

I just finished calculating the costs for processing the dedications. I submitted it to my supervisor Mr. Anthony Munoz for review. Upon the District Engineer's review, you may expect the cost estimate to be provided to you early next week.

Thank you for your patience and cooperation.

Good Morning Kathleen...

We were wondering when we could expect the cost estimate for the Sepulveda Boulevard strip lot dedications? I'm sure you must be very busy and we appreciate your help with this job. Let us know as we can help. Thank you.
